Hey - Are there discussions to modify the do not use order to include the toilet use conditions – I know this sounds like a joke but it's not – it was a real question directed to me

From EOC update #2

*...but residents are urged to stay inside. WVAW customers are told not to use tap water for drinking, cooking, washing, or bathing. Water can be used for toilets and fire emergencies. Boiling water will not get rid of the chemical. This is believed to impact 100,000 customers (300,000 people*
